FOR IMMEDIATE RELEASE TO ALL EXISTING CUSTOMERS -- Maumelle, AR, January 23, 2009

At Claudia's Canine Cuisine® we take the health and safety of our four-legged friends and the integrity of our products very seriously. At BCCH LLC d/b/a Claudia's Canine Cuisine® and Honey's Bakery® we are committed to manufacturing the highest quality premium dog cookies and suckers. Product safety has always been and will continue to be our primary focus.

Like you, we have been closely monitoring the Salmonella outbreak in the peanut butter industry.

None of the bakery products or ingredients used in manufacturing our canine cookies are involved in the recent outbreak and national recall. Claudia's Canine Cuisine® and Honey's Bakery® does not use peanut butter or peanut paste from Peanut Corporation of America (PCA) nor do we use peanut butter distributed by King Nut under the King Nut label or Parnell's Pride brand.

We have been in contact with our peanut butter supplier and they have provided us with written assurances their products are not part of the recall and remain safe.
